The 25th Semiconductor Exhibition

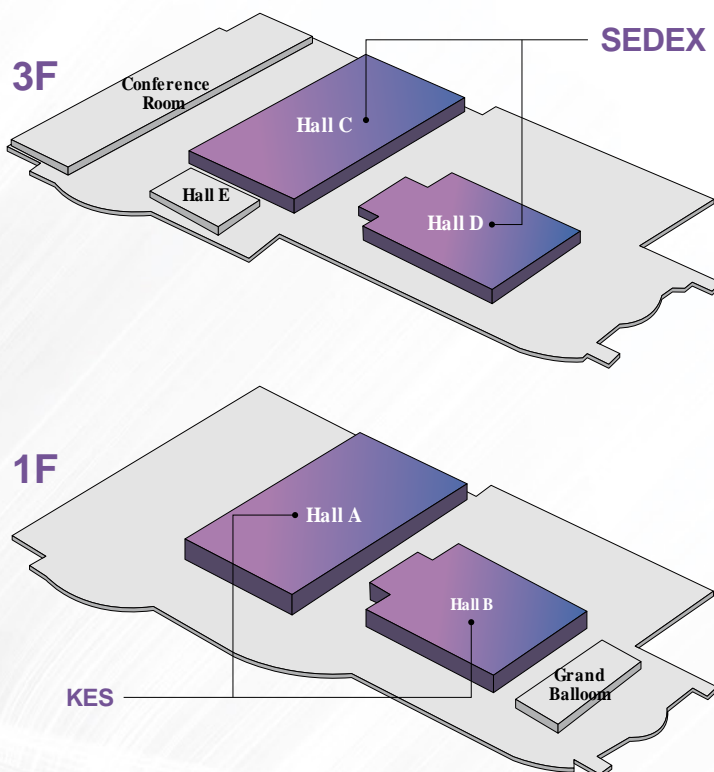

# SEDEX

Semiconductor Exhibition (SEDEX) is the premier annual exhibition of semiconductor which will take place at [COEX from October 25 to 27, 2023](#). SEDEX encompasses all areas of the semiconductor business covering product companies, integrated device manufacturers, equipment manufacturers, foundry, packaging and assembly, test houses and IP vendors. Learn the latest trends of semiconductor technologies and products at this outstanding industry gathering. Don't miss your chance to take part in SEDEX 2023!

Event	The 25th Semiconductor Exhibition (SEDEX 2023)
Venue	COEX Hall C & D
Scale	800 booths from 250 companies in 6 countries
Dates	October 25(Wed) ~ 27(Fri), 2023
Host	Ministry of Trade and Industry
Organizer	KSIA
Exhibitor	Semiconductor related companies such as memory, system, equipment/parts, materials, facilities, sensors, etc.
Visitor	60,000 industry professionals, visitors from Samsung Electronics, SK hynix and other global manufacturers.

---

A only comprehensive domestic exhibition on ecosystem of semiconductor industries

Generate new business leads through the market-leading communication platform that covers the full range of semiconductor value chain.

Engage face-to-face with qualified international buyers from China, Taiwan, Japan and US and partners of the Korea semiconductor industry.

The ICT exhibition, which will be held at the same venue during the same period, is expected to secure various technical information and promote it.

## PRODUCT CATEGORIES

### Device

DRAM/SRAM Memory,  
Foundries, Sensor, System IC,  
Panel Display, Diode, Transistor

### Equipment Manufactures

Process Equipment,  
Assembly Equipment, SoC Test Systems,  
Inspection & Measurement Equipment

### Factory Facility

Air Filtering, Clean Rooms,  
Flow, Process Control

### Materials

Materials of Assembly,  
Chemicals & Solids, Gases,  
FPD, Wafer Substrate

### Components & Parts

Process Equipment,  
Sub System Parts

### System & Software

Interface Technology,  
Embedded Board Computer,  
CAD

## Participant Support Program

Provide a communication platform to understand semiconductor market and industry/technology trends

Semiconductor Market Trend Seminar, Semiconductor Equipment Process Technology Seminar, IP-SoC Design Conference, Semiconductor IR Conference

Development of overseas markets and establishment of a platform for market entry

By attracting target buyers for each exhibition item, a 1:1 trade consultation meeting is held

Provides a business opportunity to network with leading buyers of device/system companies

Device Companies : Equipment/Materials Companies Business Meeting  
System Semiconductor : Design Companies Business Meeting

Operate a participant support program

Production and promotion of corporate interview videos for online exhibitions  
Shuttle bus service for exhibition in major area of the capital area
